Professional experience

- 02/2025 – now **Senior AI Engineer, XITASO GmbH**, Munich, AI delivery, pre-sales & strategy.
- o **Agentic B2C chatbot** (power-tools manufacturer): designed and shipped multi-agent chatbot system; 20 000+ daily webshop visitors, 2 000+ chat sessions/day; production launch Q2 2026
 - o **telli.schule** (Germany's national AI chatbot for schools, 10+ Bundesländer, tens of thousands of users): prototyped RAG-based lesson generation on official curriculum and FWU Mediathek video data via MCP-server integration
 - o **Additional customers**: industrial drives (knowledge-retrieval chatbot), construction (AI calculation tool), engine manufacturer (pre-sales advisory and multi-team interview study to codify MCP-server / agentic-workflow guidelines)
 - o **Evaluation**: curated Langfuse datasets, regression tests and LLM-as-Judge pipelines for systematic eval before every release
 - o **Stack**: Python, TypeScript, LangChain/LangGraph, MCP, Azure OpenAI and open-source LLMs (Ollama, vLLM), QDrant / Weaviate, Docker, GitLab CI/CD
 - o **Pre-sales & internal leadership**: led 2-day on-site AI workshop for a machinery customer; first author of XITASO whitepaper on MCP integration, RAG and LLM-as-Judge; Deputy Lead AI & Data Community; AI Ambassador driving company-wide adoption
- 02/2024 – 08/2024 **Personal Sabbatical**, *Cultural exploration and personal development*, Vietnam and southeast Europe.
- 02/2018 – 01/2024 **Scientific Assistant & Group Lead**, *University of Augsburg*, Augsburg, Institute for Software and Systems Engineering.
- o **Group Lead “Methods of AI”** (03/2021 – 01/2024): led PhD students and research assistants; acquisition and management of industry-funded research projects with manufacturing partners
 - o **PhD** (02/2018 – 12/2023): ML for industrial (IoT/RTM) processes: CNNs, LSTMs, transformers, RL on image and time-series data (>7 TB); 10+ peer-reviewed publications
- 04/2017 – 09/2017 **Master Student**, *Continental A.D.C. GmbH*, Lindau, AE Camera.
DL algorithm for weather classification on front camera images (1.6m samples).

Education

- 02/2018 – 12/2023 **Promotion, Dr. rer. nat.**, *University of Augsburg*, “Magna cum laude”, (1,0).
“Machine learning for carbon fiber reinforced polymer production”
- 10/2015 – 12/2017 **Master Informatik**, *University of Augsburg*, 1,6, Focus: Machine Learning.
“Deep Weather: Weather Recognition as an Application for CNNs in ADAS”
- 10/2011 – 09/2015 **Bachelor Informatik**, *TH Augsburg*, 2,4, Focus: Linux, Network.

Technical Skills

- Software Dev. Python (expert), TypeScript, Java, C++, Agile Development
- LLMs & Agents OpenAI SDK, Anthropic SDK (Claude Code), Gemini, MCP, LangChain/LangGraph, LlamaIndex, Prompt Engineering, RAG, LLM-as-Judge, Langfuse
- ML Foundations CNN, LSTM, Transformer, Reinforcement Learning, PyTorch, Keras, TensorFlow, SentenceTransformers, HuggingFace, MLFlow
- Cloud & Data Azure OpenAI (primary), AWS (certified), GCP (Gemini); QDrant, Weaviate, Azure AI Search, MongoDB; Docker, CI/CD (GitLab, GitHub Actions), Git
- Open-source *ludi-mcp-server* (TypeScript MCP server); *claude-code-config* (Claude Code setup with MCP servers, sub-agents, hooks); *obsidian-brain-starter* (Obsidian + Claude Code).

Publications & Thought Leadership

- Academic *From Code Production to Code Orchestration: How AI Coding Assistants are Reshaping Software Engineering* (Preprint 2026); *Control of RTM Processes through Deep RL* (ICMLA 2023); *FlowFrontNet* (ECML-PKDD 2020, 22 citations). 10+ peer-reviewed papers total.
- Industry **First author**, XITASO whitepaper *KI-Agenten in der Praxis* (covers MCP-server integration, RAG, LLM-as-Judge, 2025). Co-author, VDMA Expertenkreis Machine Learning: *Synthetische Daten* (2026), *KI-Agenten* (2026). 3-part XITASO blog series *Operationalisierung von KI-Lösungen* (2025).
- Talks data:unplugged 2026 (agentic AI in industry); appliedAI Developers Meetup Munich 2026 (coding agent harnesses & state); FH Südwestfalen 2025 (enterprise RAG); XITASO AI Meetup 2026 (AI coding assistants); VDMA Machine Learning Expert Group, standing member since 05/2025.

Certificates & Languages

- Certificates SQL for Data Science (edX/IBM, 2024); AWS Cloud Technical Essentials (Coursera/AWS, 2024)
- Languages German (native); English (fluent, C1)
